

Bobcat E17

£POA

The Bobcat® E17 compact excavator (mini excavator) delivers performance in confined spaces with the need for only minimal repositioning. The operator can hydraulically retract the undercarriage to a width of only 98 cm in order to travel through gates or between walls and houses, then expand it to 136 cm for a wider footprint and greater performance. The E17 has reduced tail swing for better versatility and manoeuvrability on compact jobsites.

Product Details	
Category/Type	Compact Excavators
Make	Bobcat
Model	E17
