

## Bobcat E27z

### £POA

The Bobcat® E27z compact excavator model further enhances the excellent performance characteristics of Bobcat's current E26 machine, with the largest cab for this size of machine on the market. As a true Zero House Swing (ZHS) machine (even with the optional heavy counterweight), the E27z offers the highest flexibility of movements when working close to walls, coupled with best-in-class 360-degree stability and a low weight for easy transportation. With the optional long arm and a premium cab, the E27z offers the digging output and operator comfort of much larger excavators, making it a machine of choice for urban operating construction
