

Bobcat S70

£POA

Compact but powerful! The Bobcat® S70 skid-steer loader is small enough to get in tight spots, yet strong enough to get any job done. This agile little workhorse is the ideal size for scooting through narrow doorways, corridors, small paths and gates, and for working under low ceilings. It's the perfect loader whenever the job is too big for a shovel or the space is too small for a larger machine.
